Dear Secretary Grumbles and Director Aburn,

I am writing to provide you with the attached notice of intent to bring suit against Energy Answers International, Inc. and its subsidiary, Energy Answers Baltimore, LLC, for violating the Clean Air Act by proposing to construct a 4,000-ton-per-day waste combustion plant in Baltimore City, Maryland without a Prevention of Significant Deterioration permit. We are also sending this notice today in hard copy.

Last week, I emailed MDE to request information regarding a decision on this matter. In Secretary Grumbles' January 6, 2016 letter to me, he instructed me to contact ARMA Deputy Director Angelo Bianca if I should have any questions moving forward. On February 1, 2016, I emailed Mr. Bianca regarding the timetable for MDE's decision. I have not received a response.

Sincerely,

Leah Kelly
